

CLUTHA GOLD Cycling & Walking Trail

▶ Clutha Gold Trail Grade: 1 - 2 Easy

A journey of discovery...

The Clutha Gold Trail takes you on a journey of discovery through a landscape of outstanding natural beauty between Lake Roxburgh Dam and Lake Waihola Reserve. Ride or walk alongside the mighty Clutha River / Mata-au, into lush green farmland, pass through three railway tunnels, cross new feature bridges and amble over wetlands boardwalk.

Open all year round and taking between two and four days to complete, this 135 kilometre easy-grade trail meanders across flat and undulating terrain, passing through a number of small settlements each with its own distinctive character and historic features.

At your own pace... Begin your journey at any point along the trail, doing as much or as little as you like. Get the most out of the trail by reading the information panels along the way, showcasing stories of its rich heritage and the adventurous souls who travelled this path before.

CYCLE AND WALKING TRAIL

▶ Roxburgh Gorge Trail Grade: 2 - 3 Intermediate

Discover another world...

The Roxburgh Gorge trail offers a wilderness experience through the remote and stunning Roxburgh Gorge alongside the mighty Clutha Mata-au River and Lake Roxburgh.

Take one of three journey options:

- Experience the entire trail — Alexandra to Lake Roxburgh Dam — by enjoying the stunning jet boat / heritage tour link between Doctors Point and Shingle Creek.
- Cycle or walk from Alexandra to Doctors Point & back again
- Start at Lake Roxburgh Dam and head upriver to Shingle Creek, and return.

Become immersed in the splendid isolation that is Roxburgh Gorge — another world. Open all year round, the trail has a well-formed 2.5 metre-wide gravel surface with some climbs. It takes four or five hours to cycle, or longer, depending on your ability and how you choose to experience it.
